EQUI-N-ICE BANDAGE, PIECE Cooling and compression bandages offer instant cooling compression and support. This makes them an ideal First Aid product for treatment of tendons and ligament strains or for acute or existing soft tissue injuries. Cold and compression is well documented as the most effective way of treating inflammation, swelling and bruising of muscles, tendons and ligaments. While other cooling products only try to drive cold in, the Equi-N-Ice bandage draws out heat by a unique coolant. Equi-N-Ice is also perfect for cooling off legs after fast work, hard ground or older legs that need a little help. Long lasting cooling up to 3 hours Material Bandage: 100% Cotton	NA	NA	
EQUI-N-ICE SPRAY, 1 L Unique Equi-N-Ice cooling liquid, supplied in a spray can. Apply directly to the horse's legs or restoring the bandages. Fast and effective cool care for horses	NA	NA
